Designed for truck that travels on short to medium distance, on/off road operating condition such as mixed service truck, dump truck, rigid truck, cement mixer, garbage truck.

All position

Overview

Rim Sizes:22.5
Aspect Ratio:80mm
Section Width:315
Speed Rating:K-K

| Features | Benefits |
|--|---|
| Three zigzag wide groove with lug | Anti-stone-biting good water evacuation |
| New casing construction with optimized tread profile | Provides an optimal footprint for improved wear-out and thus longer mileage and added vehicle handling experience |
| Combined rib and lug design in the center pattern | Provide excellent traction and braking properties in all position usage |
| Solid shoulder design | Improves protection of the casing and added stability and comfort driving experience for drivers. |
| New developed tough anti-cut and chip compound | High resistance against cut and tearing from normal usage of this tyre type on aggressive road surfaces. |

GT RADIAL - GAM831 offers 0 different tyre sizes
